

WARNING: NEVER LIFT THE REAR OF A SNOWMOBILE AND/OR STAND BEHIND OR NEAR THE TRACK WHILE ACCELERATING OR OPERATING SNOWMOBILE. TRACK FAILURE CAN CREATE FLYING DEBRIS RESULTING IN PERSONAL INJURY, DISMEMBERMENT OR DEATH.

Warning Decal

Below is a replica of the warning decal included in Woody's stud packages with the installation instructions.

For your and others safety, you must put this on the rear bumper of your snowmobile or in an area visible to anyone standing near your snowmobile.

If it is not in the package or the decal on your sled is illegible, contact Woody's for a free replacement decal at this address:

▲ WARNING

- **NEVER STAND BEHIND** or near a rotating track with/without a jack stand or back stand or kick stand.
- Do not lift rear of snowmobile track while operating.
- Track failure or debris can project with great force resulting in personal injury, dismemberment or death.

▲ AVERTISSEMENT

- **NE JAMAIS SE TENIR DERRIÈRE** ou près d'une chenille qui tourne, avec ou sans béquille, chandelle ou support central.
- Ne pas soulever l'arrière de la chenille de la motoneige lorsque celle-ci tourne.
- Une chenille brisée ou des débris pourraient être projetés avec force et pourraient ainsi sectionner une jambe ou causer d'autres blessures sérieuses, voire la mort.
